

Support, expertise
and **essential**
training

Unearthing
Potential

Welcome to Kilwaughter Minerals' training academy, which has been specially developed to **promote excellence** and inspire our customers, our people, satisfy skills shortages and create a **generation of product experts**.

Unearthing Potential

K Academy courses, both standard and bespoke, aim to support applicators and installers, merchants, contractors, architects and local authorities in accelerating the skills development of their teams.

At **K Academy** we are passionate about supporting our customers and improving our industry. Our aim is that we can make at least a small contribution to longer term sustainability and great outcomes for the industry.

Unearthing
Potential

Invest in your expertise

LOCATIONS

Training courses offered through our **K Academy** are delivered at our new purpose built facility in St. Helens, Merseyside, which acts as a training hub in Great Britain alongside our headquarters in Larne, Northern Ireland.

Courses offered will involve a mixture of hands on training and classroom based learning for applying our K Rend through coloured renders and **K Systems** external wall insulation systems, as well as RIBA and RIAI approved CPDs.

COURSES
